Chapter members are encouraged to invite co-workers and friends who may have an interest in records and information management (RIM). The open-house will be a great opportunity to learn, network, enjoy breakfast and showcase the benefits of ARMA.

During the open-house, we will spend time reviewing the upcoming ARMA year program and tour agenda, as well as devoting time to open-discussion of relevant RIM topics. We will also have a presentation from Darryl Brashier, our Webmaster on how to navigate our new Website. Come prepared to have a good time, share your RIM interests, challenges and success stories.
